**Table of Approvals Needed for Implementation of Recommendations**

	Federal Approvals		State Approvals									Local Approvals				
	FEMA CLOMR	USACE 404 or GGP	401 WQC	Water Diversion	Flood Mgt Certificate	Dam Const.	Const SW Gen Permit	Wastewater Disch Permit	Sediment Disp/Reuse	CEPA EIE(1)	CT DOT	IWW Agency	Zoning Commission	Planning Commission	Design Rev. Team	Historic Commission
<b>Water Depth Management Recommendations</b>																
Flashboards or other structures to raise water surface elevation	X	X	X	X	X	X				X		X				X
Upstream sediment removal		X	X	X				X	X			X	X			
Middle or Expanded Middle sediment removal		X	X	X				X	X			X	X			
<b>Site A Recommendations</b>																
Develop designated fishing area on the parcel					X		X					X	X	X	X	
Provide signage including CT DEEP rules and regulatons for fishing												X	X	X	X	
Decorative enclosure and Port-o-lets												X	X	X	X	
Low native shrubs and shade trees												X	X	X	X	
Bike racks												X	X	X	X	
Pedestrian walkway connection from fishing area to trail					X		X					X	X	X	X	
Seating/viewing area												X	X	X	X	
Pedestrian bridge to center of river on old bridge abutments	X				X							X		X	X	
<b>Site B Recommendations</b>																
Relocate the Town Garage					X		X					X	X	X	X	
Access driveway and parking for vehicles with boats on car tops					X		X				X	(2)	X	X	X	
Signage at driveway													X	X	X	
Evergreen, tree, shrub screening at northern property line							X					(2)	X	X	X	
Privacy slats on chain link fence along southern parcel line													X	X	X	
Shade trees												(2)	X	X	X	
Picnic area												(2)	X	X	X	
Partial building reuse for vending, information, etc.												(2)	X	X	X	
Canoe and kayak racks												(2)	X	X	X	
Signs at boat ramp/trail crossing													X	X	X	
Gravel pull-off and permeable paved boat launch with fence and walls		(3)	(3)		X		X			X		X	X	X	X	
Expand beach		(3)	(3)		X		X					X	X	X	X	
Public restroom					X		X					(2)	X	X	X	
Amphitheatre/ice rink					X		X					(2)	X	X	X	
Dog park												(2)	X	X	X	
Ball field							X					(2)	X	X	X	
Re-align trail							X					X	X	X	X	
<b>Traffic and Roadway Signage Recommendations</b>																
Textured pavement for traffic calming along Bridge Street/River Road											X	(2)		X		
Signage designating Collinsville as gateway to Upper Farmington River											X			X		
Wayfinding signage on Bridge Street to alert motorists of parking, river access, businesses											X			X		
Signage for southbound motorists on River Road regarding entrance to Collinsville											X			X		
Southbound wayfinding signage on River Road to identify parking options and river access											X			X		
<b>Town Bridge Road Recommendations</b>																
Reorganize/formalize parking along Town Bridge Road					X		X					X		X	X	
Possible beach access improvements at Town Bridge Road												X		X	X	
<b>Other Access Recommendations</b>																
Ordinance to regulate watercraft speed to headway speed (6 mph within 50' of shore)																
Canoe and kayak portage around the dam					X		X					X		X	X	
Wayfinding signage downtown and along trail														X	X	
Preserve hydroelectric station and convert to museum									X				X	X	X	X
Utilize town park for events and seasonal programming												X	X	X	X	
Small area of public parking across from Riverside Nursery											X		X	X	X	
<b>Fish Habitat Recommendations</b>																
Fish habitat enhancement structures		X	X	X	X							X				
Fish passage at dam						X						X				
Preserve riffle habitat in upstream end of study area																
<b>Vegetation Recommendations</b>																
Thin out tall vegetation on MDC strip to enhance views												X			X	
Develop maintenance/management plan to control non-native vegetation along river												X			X	
Evergreen screening around the water pollution control facility												X			X	

1. Only the recommendations that are specifically listed in the State's Environmental Characterization Documents are checked; however, other projects in this table could trigger CEPA
2. Dependent on distance from river and location in review area
3. Dependent on the square footage of activity within wetlands and watercourses; less than 5,000 square feet is reviewed by the Town's inland wetland and watercourse agency

**Table of Approvals Needed for Implementation of Recommendations**

Definitions:

- FEMA = Federal Emergency Management Agency
- CLOMR = Conditional Letter of Map Revision
- USACE = U.S. Army Corps of Engineers
- 404 = Section 404 Structures, Dredging, and Fill Individual Permit
- PGP = Programmatic General Permit
- 401 WQC = Section 401 Water Quality Certificate
- SW = Stormwater
- CEPA = CT Environmental Policy Act
- EIE = Environmental Impact Evaluation
- DOT = Department of Transportation
- IWW = Inland Wetlands and Watercourses
