

Canton Economic Development Survey

This survey conducted by the Canton Economic Development Agency is an attempt to understand our residents' views on economic development. Reports based on this information will be produced in aggregate.

1. What types of businesses **do** we need in Canton?

- Retail products or services (such as hair dressing) _____
- Light industry (such as computer repair, micro-brewery or a bakery)
- Heavy industry (such as printing, manufacturing)
- Professional office space
- Other _____

2. What types of businesses do we **not** need in Canton?

- Retail products or services _____
- Light industry (such as computer repair, micro-brewery, bakery)
- Heavy industry (such as printing, manufacturing)
- Professional office space
- Other _____

3. Which of the following do you see as **advantages** to attracting businesses and/or growing current businesses in Canton?

- Reduced tax burden overall
- More services available in town
- Greater employment opportunities in town
- Other _____

4. Which of the following do you see as **disadvantages** to attracting businesses and/or growing current businesses in Canton?

- Increased traffic
- Little appreciable reduction in overall tax burden
- Possible adverse impacts on the environment
- Other _____

Thank you! Return responses to either:
