The responding paramedic unit will then communicate via radio with the Town's Dispatch Center as to when they are on route to the call, any coordination of line of sight intercepts if necessary, and arrival on scene or intercept. Any delay or availability issues will be communicated by responding UHFD Paramedic Units or the UHFD Dispatch Center.
3. When the UHFD Paramedics are requested and responding, the Town of Canton recognizes the UHFD as the Town's primary provider of Paramedic Level Advanced Life Support. The parties acknowledge and agree that the compensation set forth herein represents the fair market value of the services provided, has been negotiated in an arm's-length transaction, and has not been determined in a manner that takes into account the volume or value of referrals or business that may otherwise be generated between the parties.
8. This Agreement may be renewed for subsequent periods by the Parties' execution of a written amendment to this Agreement or the execution of a new agreement. If this Agreement is terminated prior to its anniversary date, another same or similar agreement may not be executed between the parties until after the one (1) year anniversary of the Agreement.
